450

Application Fee:  
\$40.00

Total Tuition:  
\$787.50

Total Lab Fee:  
\$40.00

Books/Supplies:  
\$390.00

Financial Aid:  
VA

Information current at time of printing.

The Networking Technician program ensures that you will be trained in networking fundamentals employers need. As a Net+ Certified technician, you will be able to make recommendations for installing or expanding a network, document and perform preventative maintenance on a network, and troubleshoot network problems. Having an A+ Certification as well would make you fully capable of being an on-site technical support person, a network administrator of local area network, and a valuable asset to a networking team.
