REFLECTION

Include a reflection about your service experience in this class. It can be an assignment you've already completed for the course or it can be something new. The format is up to you (examples: writing, art, multimedia).

You may answer one of the following questions or come up with your own:

- What was the most useful thing you learned in this class because of your service?
- Did this service change the way you viewed your community? If so, how? If not, why do you think it didn't change your view?

Please attach a copy of your reflection with this form.
